Ideas to help

WITCH

Use wool or curled paper strips for the hair, cut to size and glue to the roll. You can use templates for the eyes and hat or draw your own.

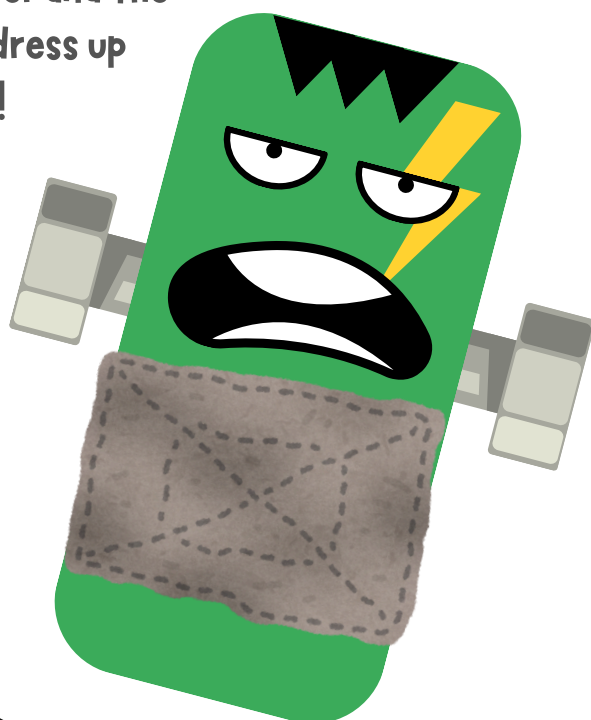

MUMMY

Use torn strips of white paper or strips of white kitchen roll to create this fun mummy!

FRANKENSTEIN

Use pens, paper and the template to dress up this monster!

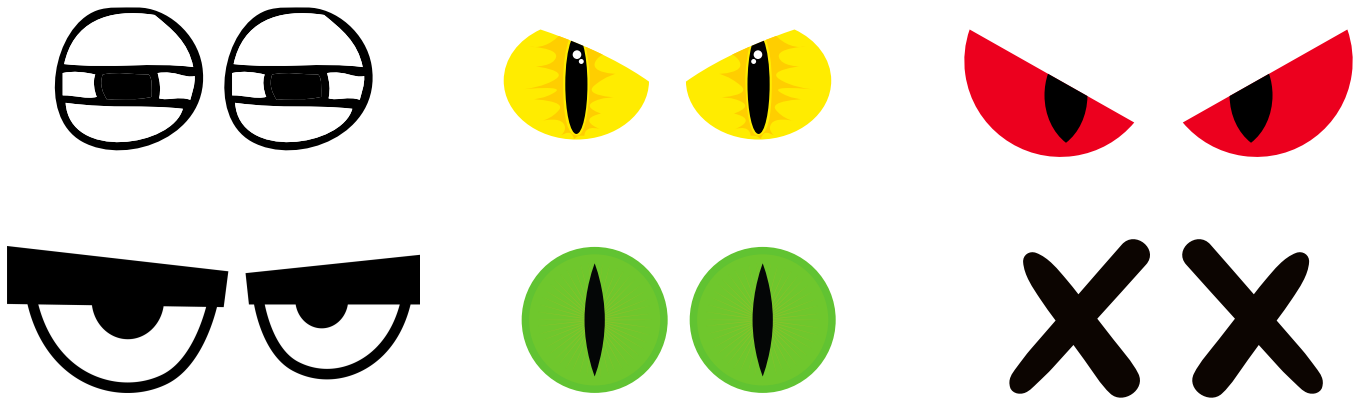

BAT

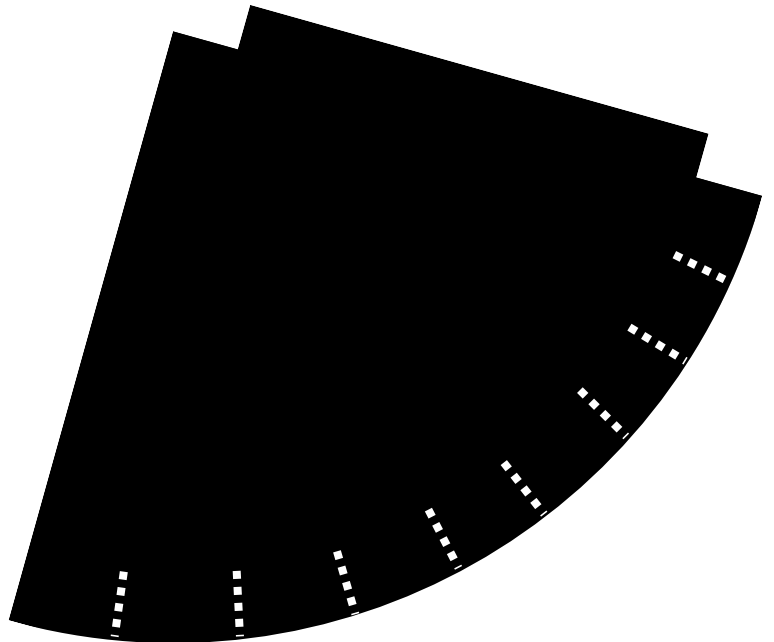

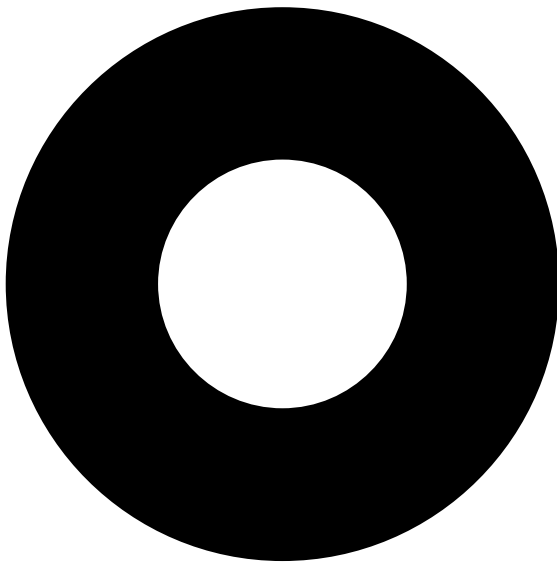

Cut out and stick wings to the back of the roll to make this fab bat!

Templates

The Brim of the Witch's hat.

Cut out and glue around the base of the hat!

Cut out and roll into a cone shape and glue the tab to the inside.

Cut evenly spaced tabs along the bottom of the cone, for gluing under the brim of the hat.
