

Make a Halloween Wreath

Items you will need

scissors

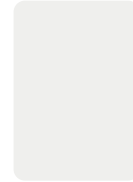

paper plate

felt pens

tissue

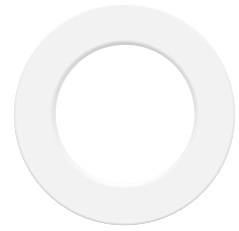

template

glue

Instructions (your grown-up can help)

1. Carefully cut out the centre circle of your paper plate, this will leave a ring shape

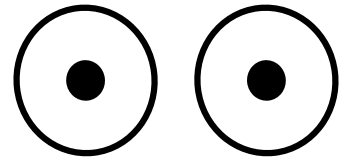

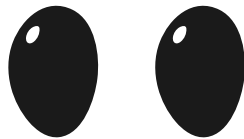

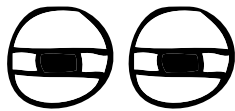

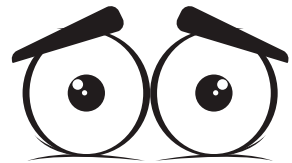

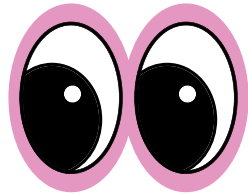

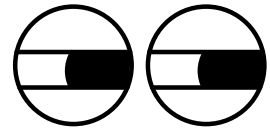

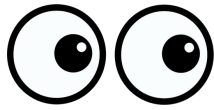

2.  Crumple pieces of tissue and glue them around the ring shape

3. You can use the supplied templates to create a creepy creature to hang from the wreath or you can draw your own fang-tastic invention!

Templates

Here are a selection of eyes and characters you can use to add to your design, or you can create your own :)
